1st VERSE

Children dying
Babies crying
All across our land
what on earth is going on)
Please help me u derstandt

Pray for us before we're gone
And if I die please carry on
A siege is underway
So Please send help today

All together one forever
We sing for Ukraine
Raise your voices never let up
from Kharkiv to Liviv, Kiiv to Odesa
We will sing for Ukraine
We Will sing for Ukraine

2nd VERSE

Fathers, mothers, sisters brothers
we never wanted war
We're under attack
But we're fighting back
It shakes us to our core
Bombs drop from the sky
As thousands die and why
Little girls and boys
Generations destroyed

thousands died and why
As sons and mothers cry

Little girls and boys
Generations destroyed

CHORUS

We sing for Ukraine
All together one forever
We sing for Ukraine
Raise your voices never let up
from Kharkiv to Liviv, Kyiv to Odesa
We will sing for Ukraine
We Will sing for Ukraine
